- i. **Lab Test Ordering by Pharmacists and Access to eChart in Community Pharmacies**  
The College and the working group responsible for implementing lab test ordering by pharmacists and access to eChart in community pharmacies met on January 5<sup>th</sup> and February 2<sup>nd</sup>, 2018. Previously, a process map for the pharmacy-related procedures with respect to ordering lab tests and receiving the test results was created. As a result of the February 2<sup>nd</sup> meeting, the lab requisition form and the practice direction on test orders were modified to reflect the process. At the next meeting of the working group, the group will discuss a phased rollout of the process and the timelines for the rollout. The revised practice direction, process map and lab test requisition form would be forwarded to Standards of Practice Division for consideration and their recommendation to Council.
- ii. **Draft Practice Direction on Distance Care**  
A verbal update on this matter was provided at the meeting.
- iii. **Proposed Amendments to the Regulation to Expand Pharmacist Prescribing and Administration of Drugs, and to Add to the List of Lab Tests That a Pharmacist Can Order**  
An overview of the culmination of work that had taken place over several months by various ad-hoc committees, working groups, Council members and staff to propose amendments to The Regulation to expand pharmacist authority to prescribe and administer drugs, and to add to the list of lab tests that can be ordered by a pharmacist, was presented to Council prior to being introduced to members at the Special General Meeting scheduled for February 12, 2018.
- iv. **Minimum Age for Pharmacist Administering of Flu Vaccine By Injection**  
The College followed up with Public Health on their request and an update was provided to Council. Proposed amendments to the Regulation included lowering the minimum age for administering vaccines to children by injection to two years of age and older.
- v. **Travel Health Working Group**  
The Travel Health Working Group, under the chairmanship of Vice President Kevin Hamilton, provided Council with recommendations for consideration. Proposed amendments to the Regulation include implementation of pharmacist prescriptive authority and administration of vaccines and other drugs in travel health under Schedule 3. Handouts were distributed at the meeting.

**MOTION #33: MOVED BY GLENDA MARSH, SECONDED BY WENDY CLARK THAT Council approve the International Society of Travel Medicine (ISTM) Certification Program and the ISTM Certificate in Travel Health™ Renewal Program.**

**MOTION #34: MOVED BY KEVIN HAMILTON, SECONDED BY DERRICK SANDERSON THAT** Council approve amendments to the Regulation to *The Pharmaceutical Act* to add Travel Health to the list of conditions in Schedule 3 for which a pharmacist may prescribe and additional amendments including:

- Amendments to Part 14: Administration of Drugs by Members of the regulation to permit pharmacists authorized in travel health to prescribe and administer vaccines to children at least 2 years of age and older and adults. It would also be desirable to include amendments to this part to permit all pharmacists authorized by the College to administer drugs and vaccines by injection, to administer vaccines listed in Schedule 2 to the regulation by any route of administration appropriate to children at least 2 years of age and older providing the pharmacist complies with provincial program immunization requirements; and,
- Should the decision be made to permit pharmacists authorized in travel health to prescribe and administer drugs and vaccines to children at least 2 years of age and older, an additional educational program will need to be developed for pharmacists to be trained to administer drugs and vaccines to children within the age group of 2 to 5 years. In addition, further amendments will need to be made in line with those described above for both pharmacists authorized in travel health and all pharmacists authorized to administer drugs and vaccines by injection, to permit these pharmacists to administer vaccines to children at least 2 years of age and older by any route of administration appropriate,

to enable pharmacists to practice Travel Health in disease prevention and standby emergency treatment.

**CARRIED**

**MOTION #35: MOVED BY KEVIN HAMILTON, SECONDED BY DERRICK SANDERSON THAT** Council authorize pharmacists who meet the education, training and certification requirements and criteria described in the Travel Health Working Group Report to Council dated February 12, 2018, to practice and prescribe in travel health.

**CARRIED**

**MOTION #36: MOVED BY KEVIN HAMILTON, SECONDED BY GLENDA MARSH THAT** Council approve the proposed amendments to the Regulation to *The Pharmaceutical Act* to expand pharmacist authority to prescribe and administer drugs, and to add to the list of tests that may be ordered by a pharmacist, as discussed at this meeting for introduction to members at the Special General Meeting to take place in the evening of February 12, 2018 and further consultation and feedback with members, stakeholders and government in accordance with the College's Policy and Procedure: Regulation Amendment and Consultation Process.

### d) Opioid Replacement Therapy Guidelines

In October 2017, the Council of The College of Physicians and Surgeons of Manitoba approved changes to the training requirements for physicians who want to obtain a Suboxone (buprenorphine-naloxone) exemption for opioid use disorder. As well, a physician no longer needs to obtain a methadone exemption before obtaining a Suboxone exemption. With the development of the interprofessional joint Opioid Replacement Therapy (ORT) 101 Workshop, the pharmacist training requirements for dispensing ORT have mirrored the physician training requirements for prescribing ORT in the past.

A review was conducted on the available Suboxone training programs to see if CPhM should also change its Suboxone training requirements for pharmacists. Suboxone's superior safety profile compared to methadone, the need for patient access to Suboxone, and improved coverage of Suboxone by Manitoba Health were considerations in making the recommendations.

Other changes were made to the ORT Guidelines including updating the buprenorphine-naloxone exemption process for prescribers and removing Appendix C, the buprenorphine-naloxone reference that had been created in partnership with AFM in 2012, as it was no longer current and accurate.

Council is the body that approves guidelines. As such, an update to the education section of the Opioid Replacement Therapy Guidelines for Manitoba Pharmacists was presented for Council's consideration.

**MOTION #46: MOVED BY GLENDA MARSH, SECONDED BY KEVIN HAMILTON THAT** Council approve the updated Opioid Replacement Therapy Guidelines for Manitoba Pharmacists.

*College subject to such conditions as Council may require from time to time. Such membership provides the benefits of a non-practicing pharmacist membership for the life of the pharmacist without the payment of any fee. If an honorary pharmacist life member qualifies and applies for a pharmacist licence, the fee payable therefor will be discounted by an amount equivalent to the fee payable by non-practicing pharmacist members.*

Council considered an amendment to remove the requirement for a practising Honorary Pharmacist Life Member to pay the fee in its entirety. Under the previous by-law, there was no licence fee charged to a practising Honorary Life Member.
