

# WHAT TO DO WITH WHAT LIES UNDER THE DRESSING? A PRIMER ON WOUND CARE

FREDERIC GASPARD THEATRE | BASIC MEDICAL SCIENCES BUILDING  
745 BANNATYNE AVENUE | UNIVERSITY OF MANITOBA

JUNE 1, 2018 | 08:00-15:00

## COURSE OUTLINE

A multidisciplinary programme will address a broad range of topics ranging from understanding scientific evidence to the psychology of chronic disease. The program will be fast-paced, with multiple opportunities for audience engagement. The day will conclude with a 45-minute session consisting of interactive case discussions. This course will offer best-practice information on topics such as:

- Dermatological Assessments
- Malignant Wounds
- Pressure Ulcer Management
- Peripheral Vascular Disease
- The Diabetic Foot

This program will be of interest to family physicians, specialists, nurses, residents, physician assistants, pharmacists, podiatrists and other allied health professionals.
