## LEARNING OBJECTIVES:

After attending this presentation participants will be able to:

- Consider and review the evolution of current guidelines on the use of opioids in management of chronic non-cancer pain
- Evaluate the current utilization of opioids in Manitoba against guideline recommendations
- Identify the publicly funded and private opioid dependence treatment services available in Manitoba and pathways to access these services
- Identify risk factors associated with opioid overdose and recognize the signs and symptoms
- Demonstrate the use and administration of naloxone and identify resources for training the public on naloxone

## SPEAKERS:

Dr. Shawn Bugden, B.Sc.(Pharm), M.Sc., Pharm.D.,  
Associate Professor, College of Pharmacy,  
Rady Faculty of Health Sciences  
University of Manitoba

Dr. Sheri Fandrey, B.S.P., Ph.D.,
